

Probiotic Plus with Vitamin D3

GMO & GLUTEN FREE

30 Billion CFU
Per Capsule

Size: 30 Capsules | Serving Size: 1 Capsule | Servings Per Container: 30

Probiotic Plus With Vitamin D3 is our unique and comprehensive blend of four strains of broad-spectrum “probiotic” (friendly flora) species, delivering a high potency 30 Billion Colony Forming Units (CFU) per capsule. Numerous published studies have supported the benefits of probiotics in human health. This product is intended to enhance and promote the population of beneficial friendly flora in the intestinal tract ecosystem to support overall digestive, immune, urinary, and genital system health.†

Probiotics literally mean “for life” and are the beneficial microorganisms found in the human intestine. Probiotics are essential for healthy bowel function and optimal intestinal health. They are called “friendly bacteria” or “good bacteria” and displace the non-beneficial or “bad bacteria” in the intestine. Factors that can destroy intestinal bacteria include; daily stress, aging, antibiotics and other drugs, travel, etc.†

Probiotic Plus With Vitamin D3 provides four carefully selected strains of lactic acid bacteria including *Lactobacillus rhamnosus*, *Lactobacillus acidophilus*, *Bifidobacterium longum*, and *Bifidobacterium lactis*. This ultimate and broad-spectrum formula delivers a remarkably high 30 Billion CFU per serving. This high potency ensures all the beneficial health benefits. **Probiotic Plus With Vitamin D3** includes the “prebiotic” Inulin/Fructo-oligosaccharides (FOS) from Chicory Root Extract that are natural carbohydrates providing the fuel to support the replication and sustain the beneficial probiotics bacteria. Additionally, 1,000 IU (250% DV) Vitamin D3 has been added to complement the benefits of the probiotics.†

A daily intake of **Probiotic Plus With Vitamin D3** will assure an adequate supply of the good bacteria for the intestinal ecosystem.†

Contains NO dairy, gluten, lactose, yeast, soy, corn, wheat, fish/shellfish, peanuts, tree nuts or egg.

NOTE: This product should be stored in a cool, dry place and kept away from sources of direct sunlight, heat or humidity. For stability, Probiotic Plus With Vitamin D3 is delivered in an easy to swallow and delayed-release capsule.

KEEP REFRIGERATED.

key features:

- **Comprehensive Probiotic, Prebiotic and Vitamin D3 Formula to Support Overall Health.**†
- **High Potency Delivering 30 Billion CFU Per Serving.**
- **Includes the Prebiotic Inulin/Fructo-oligosaccharides (FOS).**
- **Fortified with Vitamin D3.**
- **Contains NO Major Allergens.**

key messages:

- *Our unique and comprehensive blend of four strains of broad-spectrum “probiotic” (friendly flora) species.*
- *Provides four carefully selected strains of lactic acid bacteria including *Lactobacillus rhamnosus*, *Lactobacillus acidophilus*, *Bifidobacterium longum*, and *Bifidobacterium lactis*.*
- *Delivers a high potency 30 Billion Colony Forming Units (CFU) per capsule.*
- *Intended to enhance and promote the population of beneficial friendly flora in the intestinal tract ecosystem to support overall digestive, immune, urinary, and genital system health.†*
- *The “friendly bacteria” or “good bacteria” displace the non-beneficial or “bad bacteria” in the intestine.†*
- *Enhanced with the “prebiotic” Inulin/Fructo-oligosaccharides (FOS) from Chicory Root Extract that are natural carbohydrates providing the fuel to support the replication and sustain the beneficial probiotics bacteria.*
- *Fortified with 1,000 IU (250% DV) Vitamin D3 to complement the benefits of the probiotics.†*
- *A daily intake of **Probiotic Plus With Vitamin D3** will assure an adequate supply of the good bacteria for the intestinal ecosystem.†*
- *Intended for individuals 18 years of age or older.*
- *Contains NO dairy, gluten, lactose, yeast, soy, corn, wheat, fish/shellfish, peanuts, tree nuts or egg.*

Size: 30 Capsules | Serving Size: 1 Capsule | Servings Per Container: 30

Supplement Facts

Serving Size: 1 Capsule		Servings Per Container: 30
	Amount Per Serving	% DV*
Vitamin D3 (as cholecalciferol)	1,000 IU	250%
Probiotics Blend	30 Billion CFU	**
Lactobacillus rhamnosus, Lactobacillus acidophilus, Bifidobacterium longum and Bifidobacterium lactis		
Inulin/FOS (Fructo-oligosaccharides) (from chicory root)	150 mg	**

* Percent Daily Values are based on a 2,000 calorie diet.
** Daily Value (DV) not established

Suggested Use: Use as a dietary supplement, take one or two capsules one time daily, preferably with a meal, or as directed by a qualified healthcare practitioner.

Other Ingredients: Hypromellose (Capsule), Cellulose, Magnesium Stearate (Vegetable Source) and Silicon Dioxide.

Manufactured in a cGMP facility that processes milk, egg, fish, Crustacean shellfish, tree nuts, wheat and soy.

DO NOT USE IF SEAL IS BROKEN. KEEP OUT OF REACH OF CHILDREN. STORE IN A COOL, DRY PLACE.

WARNING: Pregnant or lactating women and people with known medical conditions and / or taking drugs should consult with a qualified healthcare practitioner prior to taking dietary supplements.

target market:

Primary: Individuals 18 years of age or older interested in adding a high quality, high potency (30 Billion CFU/capsule) probiotic to support optimal health.

recommended stack:

- **Men's or Women's Max Multi**
- **Max Nutraceutical Fiber**
- **Max Power Greens**
- **Max Cleanse & Lean**
